

ACE Training and Consulting is a **NEBOSH accredited Silver Learning Partner** approved to offer the:

NEBOSH Health and Safety at Work Award

The NEBOSH Health and Safety at Work Award provides a best practice introduction to workplace health, safety, and risk that is relevant to all industry sectors.

The course content is delivered in an understandable and accessible way and will help you to:

- gain an awareness of common workplace hazards so you can help to implement or maintain your organisation's health and safety management system
- gain practical skills that can help keep yourself and others safe
- apply the principles of risk assessment
- have a positive impact on health and safety in your workplace.

Who is it for?

Anyone who needs to understand the principles of health and safety as part of their job will benefit from taking this qualification. The course provides a valuable overview, which can act as a sound basis for further study.

Benefits to learners:

- The course is a perfect foundation to Health and Safety knowledge for beginners
- The course provides the ability to inspect the workplace, recognize a range of common hazards, evaluate risks (taking account of current controls), recommending further control measures and assigning actions.

Benefits to employers:

The NEBOSH Health and Safety at Work Award can help you to:

- Reduce incident and injury rates, and the associated lost time and absence
- Foster greater health and safety awareness amongst employees
- Improve employee engagement and enhance safety culture
- Secure higher levels of compliance with organisational safety measures

Course Details

The NEBOSH Health and Safety at Work Award looks at everyday solutions for general workplace health and safety issues.

Through your studies, you will gain knowledge and practical health and safety skills. This will enable you to:

- understand why health and safety needs to be managed, ensuring effective processes are in place
- inspect the workplace, recognising common hazards, evaluating risk, recommending controls measures and assigning actions
- understand why incidents happen and how to investigate them.

What does this qualification cover?

The course consists of 4 elements:

Element 1: Why and how you manage health and safety

Learning outcome of element 1: Understand why health and safety needs to be managed, ensuring effective processes are in place

Element 2: Dealing with common workplace hazards

Element 3: Stopping incidents and ill-health before they happen

Learning outcome of element 2 & 3: Inspect the workplace, recognising a range of common hazards, evaluating risks (taking account of current controls), recommending further control measures and assigning actions.

Element 4: Learning from incidents

Learning outcome of element 4: Understand why incidents happen and how to investigate them.

Course Duration

This qualification has a minimum of 18 taught hours, two hours of self-study and a recommendation of three hours for the assessment.

Entry Requirements

There are no entry requirements for this qualification.

It is important that learners have a suitable standard of English language so they can understand and articulate the concepts contained in the syllabus. NEBOSH recommends that learners undertaking this qualification should reach a minimum standard of English equivalent to an International English Language Testing System (IELTS) score of 5.0 or higher in IELTS tests.

Read more about [language requirements for NEBOSH qualifications](#).

How is this qualification assessed?

After completing the course, you will be asked to complete a workplace health and safety review which:

- Considers how health and safety is managed, and how it could be done better
- Identifies health and safety issues, how they are controlled and if the risk can be reduced
- Select the most important issue for improvement

This assessment is designed to test your ability to put into practice what you have learnt and, as it is carried out in the workplace, can add instant value to your organisation.

Certification

Once you have achieved a pass, a qualification parchment will be issued within 20 working days of the confirmation of the successful unit from NEBOSH.

SQA Accreditation

The NEBOSH Health and Safety at Work Award has been accredited and credit rated by the Scottish Qualifications Authority (SQA) Accreditation. It sits in the Scottish Credit and Qualifications Framework (SCQF) at SCQF Level 5 (equivalent to RQF Level 2) with 2 credit points.
